Travel KOL Experience Program – Shenzhen Trip

This year's reading theme is 'Reading and Travelling—A Journey of Discovery'. Then, a travel KOL experience program was launched by the school library.

On May 15th, we went on an exciting adventure to Shenzhen with our guide, a popular KOL Saidorsi (西 DorSi). We documented our journey in a captivating video that captured the memorable moments we experienced throughout the day.

We kicked our day off with a thrilling **horseback riding session**. We learned the art of riding and had the chance to feed and interact with these adorable creatures. The thrill and adventure of this experience left an indelible mark on all of us.

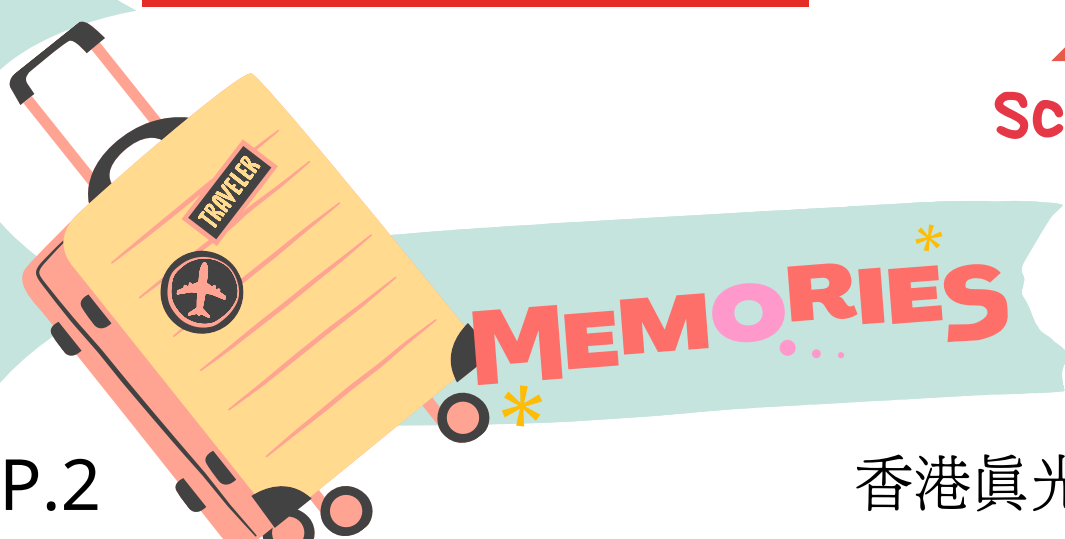

After our equestrian adventure, we ventured to a one-of-a-kind **restaurant with a planetary theme**. The unique setting and decor transported us to a different realm as we relished delectable meals that perfectly matched the celestial ambience.

In the afternoon, we decided to test our limits and try **iFly**. Highly trained and patient instructors guided us step-by-step. Before flying, we were allowed to experience the surrounding environment to better adapt to high wind speeds. We grinned from ear to ear and enjoyed it a lot, as it was overwhelming and not as scary as we thought. We were most impressed by the feeling of flying freely in the air.

Overall, the tour provided us with an unforgettable experience that encompassed not only the bonds of friendship but also the opportunity to develop our skills as KOLs.

Students' Review

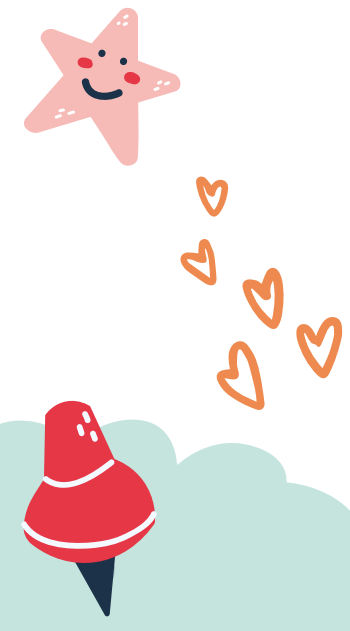

2C LEE KA WAI 李珈慧

My most impressive part was the indoor skydiving activity. Highly trained and patient instructors guided us at every step. I was impressed by the feeling of flying freely in the air. Such a carefree vibe was something I hadn't experienced before.

2B WOOLOK MIU 胡樂苗

We learnt the art of horseback riding and had the opportunity to feed and interact with these cute horses. The connection we formed with the horses left a lasting impression on all of us.

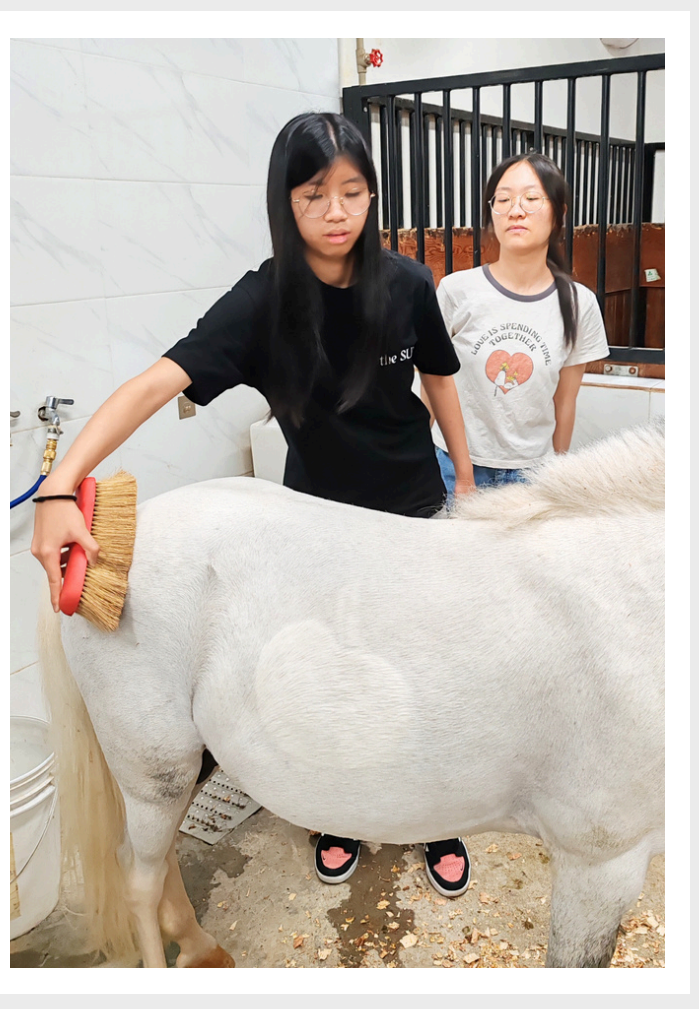

5C LEE SUM WUN 李心媛

我們在西DorSi的帶領下去了奧彼文星球食研所用餐。那裡的餐廳結合了餐飲和科技的特色，使用了無軌送餐、UFO送餐等創新的方式，非常獨特。餐廳的經理還親自帶領我們參觀了無軌送餐的操控室，這真是一次難得的體驗。

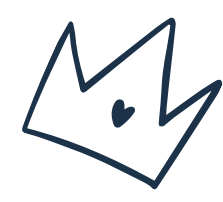

5C LAM HAU KIU 林巧翹

旅程中，我們使用手機或相機拍攝vlog。一方面是為了紀錄我們的回憶，另一方面也是在西DorSi的指導下體驗成為一日YouTuber的感覺。原來完成一段影片並不簡單，除了需要事先計劃，還需要克服內心的障礙，不能感到尷尬，在公眾場合面對鏡頭進行介紹和分享！

5C YIP RING TONE 葉穎桐

即使只在深圳逗留了短短一天，但那天的行程仍然讓我難以忘懷。其中最難忘的是能夠進入馬房，協助馬匹洗澡、梳毛，還有餵牠們吃紅蘿蔔。我已經與這些馬匹成為朋友了。這次的體驗之旅讓我深刻體會到親身經歷的重要性。相較於僅從書本中吸收知識，這使我們留下了更深刻的印象。

圖外之地 Beyond the Map

—阿拉史泰爾·邦尼特

閱讀這本書就像是與作者一同遊歷了地球上39個鮮為人知的地方。這些地方是那麼隱蔽，甚至連Google Map都無法顯示它們的存在或特色。其中包括世上最小的國家「馬爾他騎士團」、存放越戰生化武器「橙劑」的美國外島、埃及首都開羅中的垃圾城、澳洲邦代海灘上用線圍出的宗教領域，還有地圖生產商無中生有的街道……

這本書與一般的旅遊書不同，作者結合了地理、歷史和社會學，以幽默的筆調娓娓道來這些地方的故事。這絕對是我今年的必讀之書！
